Jindalee Resources Limited (**Jindalee**, the **Company**) is pleased to confirm that it is proceeding with the previously announced<sup>1</sup> spin-out of its Australian assets into a new listed vehicle, Dynamic Metals Limited ("**Dynamic**").

The spin-out will enable Jindalee to focus its attention on the development of the advanced McDermitt Lithium Project in Oregon USA while simultaneously providing an opportunity for investors to gain increased exposure to the Company's earlier-stage exploration projects in Western Australia.

Dynamic Metal's portfolio will include Jindalee's extensive landholding in the Widgiemooltha district and the Lake Percy Project, both of which are highly prospective for lithium, nickel and gold. The portfolio will also include the recently acquired Deep Well Ni-Cu-PGE Project, in which Dynamic will hold an 80% interest post listing<sup>2</sup>.

Jindalee will seek shareholder approval for the disposal of the Australian assets to Dynamic Metals at its upcoming Annual General Meeting as detailed in the Notice of Meeting<sup>3</sup>.

Dynamic Metals proposes to undertake an IPO to raise a minimum of \$5m and up to \$7m at an issue price of \$0.20 per share. The proposed IPO will include a priority offer to eligible Jindalee shareholders as well as a public offer to new investors (see Table 1 below).

Canaccord Genuity Australia Pty Ltd and Discovery Capital Partners Pty Ltd have been appointed Joint Lead Managers to the IPO.
